

## Navisafe converter Navimount

960	Navisafe converter Navimount	7090017580193
-----	------------------------------	---------------

The Navisafe converter Navimount enables the user to mount the Navilight with the double magnetic mounting system (model 001, 305, 010) directly to the Navimount quick-release-system.

The Navisafe converter consists of two parts:

- Navisafe u-bracket-magnet
- Navibolt bracket with screw

The Navisafe bracket may also hold for example GoPro®/Action cameras.

### Technical Specifications:

- Size: H = 71 mm, Ø = 50 mm
- Weight (net): 52 g
